

# Seal Compatibility Guide

## About us

Aseptconn is a leading supplier of standard components, products, software, and systems for sterile liquid technology, primarily in the pharmaceutical and biopharmaceutical sectors. With innovative products and expert advice, Aseptconn helps clients sustainably improve their processes. Its extensive portfolio and diverse services make it the preferred supplier for many renowned international pharmaceutical companies.

## Service Description:

We have designed a simple and intuitive form to help you select the most suitable seal material for your needs. With this tool, you can easily find seals offering the best chemical compatibility for your installations.
